

SCHOOL STUDENT BEHAVIOUR SUPPORT PLAN

Holy Cross School

School Mission and Vision - Teach Challenge Transform

The Vision and Mission Statements of Holy Cross Catholic Primary School commits our community to providing a safe, respectful environment where learning is optimised.

In partnership with Jesus Christ our school mission is to provide Holistic Education centred upon the intrinsic worth of the individual.

Holy Cross is:

- ❖ A Catholic School
 - We live the Catholic story, tradition and teachings
 - We live our faith through liturgy, ritual and outreach
 - We live the values taught by Jesus
- ❖ A Place of Diversity
 - We value the intrinsic worth of each individual
 - We provide a climate of challenge, risk taking and support
 - We monitor the well-being of all
- ❖ A Place of Learners and Learning
 - We create diverse opportunities for all to learn
 - We are engaged in learning
 - We are proud of what we achieve
- ❖ A Belonging Community
 - We share and hold this common vision
 - We are welcoming, safe and caring
 - We have a happy and contented community
- ❖ A Place Where Quality Relationships Abound
 - We value the self worth of all members
 - We strive to improve and grow relationships
 - We create a supportive and safe environment

Our School Context

Holy Cross Catholic Primary School is a co-educational Catholic School established by the Sisters of Mercy in 1890. We are the parish school of Lutwyche Parish incorporating Holy Cross, St Anne's and Holy Rosary churches. We aim to provide an inclusive Catholic education for all our students and work to ensure that each student reaches their full potential by providing a supportive environment in which to learn.

Consultation and Review Process

This School Student Behaviour Support Plan is developed in consultation with staff and families. Stakeholders have the opportunity to give feedback, suggestions or alterations for consideration. The school uses data from Engage and the BCE Listens Survey to help inform practices and procedures. A detailed review is conducted every two years.

Section A: Our Student Behaviour Support Systems

1. Our Beliefs and Common Philosophy about Learning and Teaching

Our beliefs about teaching and learning socially at school, student behaviour supports, and responding to students to meet their needs, unify us and direct our actions.

At Holy Cross School our aim is to create the conditions for each learner to progress towards the development of Self Awareness, Self-Management, Social Awareness and Social Management skills as outlined in the General Capability - Personal and Social Capability (ACARA 2011). We focus on catering for individuals, realising that all children will work at their own pace when acquiring these skills which are developmentally age and stage appropriate. Brisbane Catholic Education has a Student Behaviour Support Policy based on the Positive Behaviour for Learning (PB4L) Framework and related documents.

This policy is used to structure the Holy Cross School's Student Behaviour Support (SBS) plan. This plan facilitates high standards of behaviour so that academic and social learning and teaching in our school can be effective. This enables students to participate positively and demonstrate productive behaviours for learning within our school community. We recognize that individuals may require support in meeting our behavioural expectations.

All areas of Holy Cross School are learning and teaching environments. PB4L promotes the re-design of environments, not students. We consider behaviour support to be an opportunity for valuable social learning and teaching as well as a means of maximizing the success of academic and social education.

At Holy Cross School we believe the following:

- Staff and students at Holy Cross School have the right to work and learn to their potential; free from disruption, abuse or threat in a safe and supportive Catholic learning community.
- Learning is a life-long process and schools play a vital role in promoting the intellectual, physical, social, emotional, moral and spiritual and aesthetic development and wellbeing of young Australians (Melbourne Declaration)
- Students need and want high standards for their behaviour. Every day at school, students have the opportunities to learn and practise social skills and develop General Capabilities through the curriculum (ACARA). Maintaining high expectations does not require "get tough" or punitive approaches.

- Efforts to support all students to become successful learners, confident and creative individuals and active and informed citizens (Melbourne Declaration) require ongoing teaching, encouragement and adjustments regardless of gender, age, abilities, religious and cultural backgrounds.
- Behaviour is learned, therefore responsible behaviour can be taught. Misbehaviour presents the student with an opportunity to learn, and the educator with an opportunity to teach (Sugai & Horner, 2002).
- Student behaviour support is a collaborative effort. In partnership with parents and carers, we are committed to each student's success.
- Personal safety for all is our priority and everyone has the right to feel safe

2. Our Systems Approach - Positive Behaviour for Learning (PB4L)

What is Positive Behaviour for Learning?

PB4L is a framework (Diagram 1) for schools that use a system approach to positive behaviour supports for all students. The aim of implementing the framework is to achieve increased academic and social progress and achievement for all students by using evidence-based practices. One of the focus areas is explicit teaching of behaviours that assists students to access learning – academically and socially - at all stages of development throughout their education.

Diagram 1: Adapted from *School-wide Positive Behaviour Support: implementers' blueprint and Self-Assessment*, by OSEP Centre On Positive Behavioural Interventions and Supports, 2004, Eugene OR: Lewis

Theoretical and conceptual characteristics

PB4L is the redesign of learning environments, not students. The theoretical and conceptual understandings of PB4Learning are firmly linked to Behavioural Theory and Applied Behavioural Analysis (Carr et al., 2002). This perspective emphasises that observable behaviour is an important indicator of what individuals have learned and how they operate in their environment. Environmental factors are influential in determining whether a behaviour is likely to occur, and new and alternative pro-social behaviours can be taught (Sugai & Horner, 2002; Sugai et al., 2008)

Continuum of support and key features

An important component of PB4L is the adoption of a continuum of behavioural supports (Diagram 2) that, like academic instruction, acknowledges that students will need differing levels of behavioural interventions and supports to be successful at school. Within the continuum there are three levels of support.

Tier 1 Universal Supports:

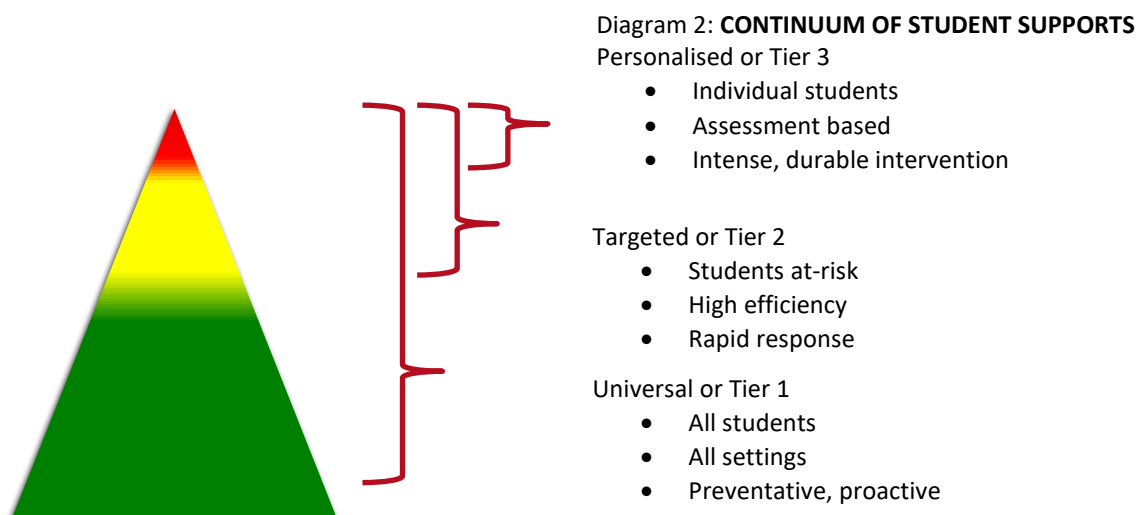

This first level focuses on universal behavioural and academic supports for all students. Here the focus is on prevention of problem behaviours, providing explicit teaching of expected behaviours and creating positive learning environments across all settings in the school. Research has shown that approximately 80-85% of students will respond to proactive universal supports, display the desired appropriate behaviours and have few behaviour problems (Horner & Sugai, 2005; Lewis, Newcomer, Trussell & Ritche, 2006).

Tier 2 Targeted Supports:

This second level focuses on targeted supports for students who continue to display problem behaviour even with the universal supports in place. Using data analysis, students are identified early, before problem behaviours become intense or chronic, to receive targeted supports such as small group social skill instruction, academic supports, mentoring and/or self-management strategies (Sailor et al., 2013).

Tier 3 Personalised Supports:

This third level focuses on personalised supports that are intensive and individualised. These students will require highly individualised behaviour support programs based on a comprehensive behavioural assessment, which at times, will include mental health professionals and family and community services.

By building a connected continuum, everyone in the school is aware of how each level of support is connected to the universal systems i.e. every targeted and

individualised intervention uses the universal set of behavioural expectations to increase the likelihood of maintenance and generalisation to other contexts.

3. Student Behaviour Support Leadership & Professional Learning for School/College staff

Universal Support Team:

A teacher, Principal and the STIE make up the Universal Support Team. This team meets regularly to review practices and behaviour data.

Tier Two and Three Supports Team:

The Principal, APRE, STIE and Guidance Counsellor make up this team. This team meets when required to address and review specific cases and well as to monitor and review procedures and individual cases.

Professional learning occurs each year to ensure staff are equipped in all areas of this plan. This plan is used in conjunction with other documentation such as the School Expectations, School Behaviour Matrix and Response to Unproductive Behaviours to train and inform staff.

Section B: Our Student Behaviour Support Practices

1. Clarity: Our Expectations

School-wide expectations encourage consistent communications and establish a common language of expectations for all staff and students and across all settings. Agreed upon student expectations promote the school's Catholic Identity and provide consistency across the staff and school community.

Our expectations are:

- Be Safe
- Be Respectful
- Be a Learner

Our school behaviour matrix is a visual tool that outlines the expectations of behaviours we expect all students and staff to learn, practice and demonstrate. They allow us to teach proactively and to provide students and parents with a positive message about behaviours for learning at school.

 HOLY CROSS SCHOOL BEHAVIOUR MATRIX 						
Expectations	Learning Areas	Playground/Eating	School Grounds	Online	When we Gather	Before/After School
Be Safe <i>Everyone has the right to</i> BE SAFE	Walk when inside Enter/exit the room in an orderly way Hands/feet/objects to self Use resources safely Only be in a classroom when a teacher is present	Be Sun Smart Use equipment safely Walk on concrete paths Stay in designated areas Wash Hands Sit to eat	Concrete/Paths/Hallways Walk Face forward Keep left Stay with a friend Ensure you have permission Keep port racks tidy	Check before entering details Know who you are communicating with Ask permission before posting/sending/watching Keep passwords and personal details safe	Move quietly/silently Walk Hands and feet to self	Walk Go directly to your pick up point Stand in the correct area Listen to the teachers
Be Respectful <i>Everyone has the responsibility to</i> BE RESPECTFUL	Challenge yourself to do your best Allow others to learn – use appropriate volume/hands up to speak Cooperate with everyone Use manners Be a listener	Rubbish in bins Return borrowed equipment Use manners Play by the rules Include others in games	Be on time Privacy in toilets Move quietly Look after school property (bubblers, toilets...)	Only use kind words/images Communicate respectfully Care for equipment – store safely and charge Ask permission before printing	Be patient Whole body listening Look at the speaker Be reverent Listen to the speaker	Listen to teachers Be prompt to meet your adult Wait patiently Watch for your car or parent/carer
Be a Learner <i>Everyone has the right to</i> ENGAGE IN POSITIVE LEARNING	Be Self Aware Wonder about your learning Question – be curious Persist Connect Reflect Attempt all tasks – ask for help	Include others Be a good sport Treat others as you would like to be treated	Keep the noise level low to allow others to learn Have the correct equipment Transition promptly	Visit permissioned sites only Share your skills to help others Stay on task	Participate Listen to learn	Follow the rules for before and after school Encourage others to follow the rules 

In addition to our school expectations, our affective curriculum is informed by the General Capabilities in the Australian Curriculum. The General Capabilities encompass the knowledge, skills, behaviours, and dispositions that, together with curriculum content in each learning area and the cross-curriculum priorities, will assist students to live and work successfully in the twenty-first century.

The Personal and Social Capability is one of the seven General Capabilities that outlines student developmental stages of self-awareness, self-management, social awareness and social management. The behavioural and social emotional skills in this capability are to be taught through the learning areas of the approved curriculum. www.acara.edu.au

2. Focus: Teaching Expected behaviour

Effective instruction requires more than providing the rule – it requires instruction, practice, feedback, re-teaching, and encouragement (Sprague & Golly, 2005). Instruction takes place each day, throughout the day, all year long.

In addition, direct teaching may be done using some or a combination of the following:

- Beginning of school year
- Revision at the start of each term
- Assemblies followed by group practice
- New student orientation when needed
- Student leaders support younger peers
- Weekly focus through Parent Bulletin and follow up in class

3. Feedback: Encouraging Productive Behaviours for learning

Tier 1 Universal Supports:

Feedback should cause thinking (Dylan Wiliam, 2011). In education, we use the term “feedback” for any information given to students about their current achievements (Wiliam, 2011 p.122). Feedback to students provides them with the way to move their learning forward and make progress in their learning.

Our school encourages and motivates students, both as they are learning the expected behaviours and then to maintain those skills and dispositions as students become more fluent with their use. Specifically, our school encouragement system utilises effective, specific positive feedback, adult attention (contingent and non-contingent) and a tangible reinforcement system.

The encouragement strategies in place for school and classroom include:

School practices that encourage expected behaviours	Classroom practices that encourage expected behaviours
Weekly Buzz Ticket VIP	Class encouragers
Buzz rewards	Points system for class reward
Post cards sent home for positive behaviour	Positive parent contact regarding behaviour
Behaviour Matrix displayed	Brag tags

Tier 2 Targeted Supports:

Targeted evidence-based interventions play a key role in supporting students at risk of academic and social problems and may prevent the need for more intensive interventions (Sailor et.al., 2009). These students consistently have trouble with low level but disruptive behaviours that interfere with instruction and hinder student learning. Targeted inventions should be timely and responsive and use similar strategies and social curriculum across a group of students.

Students are identified proactively, using academic, behaviour and attendance data accompanied by teacher nomination or through a screening process. Our targeted supports have systems in place to monitor student progress, make modifications, and gradually decrease support as student behaviour and engagement improves.

The evidence-based targeted supports currently available for students in the school include:

- The Behaviour Education Program (Check in- Check out) – (Crone, Horner & Hawken, 2004). This evidence-based Tier 2 support builds on the school-wide expectations by providing students with frequent feedback and reinforcement from their teacher/s, a respected facilitator, and the student’s parents for demonstrating appropriate behaviour and academic engagement. The goal is to move the student to self-management.
- Social Skills Clubs/Groups. This type of intervention involves directly teaching social skills to enhance a student’s ability to interact with peers and adults. Whilst social skill instruction may be part of the work done in universal supports this type of targeted support occurs in smaller groups with students who require

additional practice and feedback on their behaviour. A teacher or guidance counsellor facilitates this type of group.

Tier 3 Personalised Supports:

Successful outcomes for students whose behaviour has not responded to Universal or Targeted supports are dependent on our ability to intervene as early as possible with appropriate evidence-based interventions. A function-based approach is an essential feature of PB4L.

Personalised supports currently on offer at the school include:

- Functional Behavioural Assessment with associated plan
- Individual Behaviour Support Plan
- Pro-active, Collaborative Problem-Solving process (Dr Ross Greene)
- Guidance Counsellor support services
- Student Support Team case management - planning and implementation of individualised support plans and monitoring data
- Partnerships with outside support agencies and specialists

4. Feedforward: Responding to Unproductive Behaviours

Even with our positive approach to teaching and supporting expected behaviours for learning, unproductive student behaviour will still occur. For some students, they do not know how to perform the expected behaviour, or don't know it well enough to routinely use it at the appropriate times. For some students, the maladaptive behaviours they are using appear to meet their needs. When responding to unproductive behaviours, all staff take a positive, supportive approach that builds, maintains, and sustains relationships with students.

To feedforward when responding to unproductive student behaviours, we have a system in place that enables staff to respond to minor unproductive behaviours efficiently and effectively, to chronic persistent minor behaviours and to major unproductive behaviours that hinder learning. In this continuum, thinking begins with clarity between minor behaviours (that can and should be managed by teachers, within the context of the classroom and non-classroom settings) and major behaviours (that are best managed in a more private setting with the class teacher and leadership in partnership). The definitions of teacher managed behaviours (Minor) and teacher plus leadership managed behaviours (Major) have been included in Appendix A.

Although the teacher is the key problem solver when responding to minor behaviours, they collaborate, and share creative strategies, with colleagues. Teachers respond to minor behaviours using best practices that include reminders of expectations, re-directing to learning and re-teaching behaviours. Appendix A includes a summary of practices that may be utilised.

The positive, support strategies currently in place for responding to unproductive behaviours at our school can be classified under the three evidence-based approaches recommended in BCE SBS policy and procedures, and include:

De-escalation	Problem-solving	Restorative
<p>Supervised calm time in a safe space in the classroom</p> <p>Supervised calm time in a safe space outside of the classroom</p> <p>Use of sensory tools or movement breaks</p> <p>Set limits</p> <p>Individual crisis support and management plan</p>	<p>Teacher – student conversation</p> <p>Teacher – student – parent meeting</p> <p>Teacher – student – leadership conversation</p>	<p>Student apology</p> <p>Student contributes back to the class or school community</p> <p>Restorative conversation</p> <p>Restorative conference</p>

 HOLY CROSS SCHOOL BEHAVIOUR RESPONSE MATRIX 			
Responsibilities of Holy Cross Teachers	Refer to the Holy Cross Behaviour Matrix when discussing behaviour with students.		
	Ensure behaviour responses are logical, timely, related to the behaviour, restorative and focus on reinforcement and learning of expected behaviours.		
	Minor Behaviours Teacher Managed ENGAGE Entry* <small>Teacher Discretion</small>	Repeated Minor Behaviours Teacher Managed ENGAGE Entry	Major Behaviours Teacher + Leadership Managed ENGAGE Entry
Be Safe Everyone has the right to BE SAFE	Running in hallways Low level non-compliance Leaving classroom without permission Unsafe play Playing out of bounds Not wearing a hat Misuse of property	Repeated pushing/ tackling/ fighting in games Throwing/kicking Aggressive/intimidating behaviours	Fighting/violence Repeated intimidation or threats Bullying (targeted and deliberate) – physical, social/emotional, verbal, cyber Behaviours causing injury to others Cruelty to animals Dangerous acts
Be Respectful Everyone has the responsibility to BE RESPECTFUL	Distracting others Disrupting class lessons Low level non-compliance Rudeness/disrespect to adults or peers Back chatting/impolite language Being late to line Littering Uniform infringement	Swearing (indirect) Teasing others Walking away from a teacher/failing to respond Offensive comments (incidental without realising full connotations)	Verbal abuse Purposeful racism/sexism Theft Repeated/significant vandalism/graffiti on school or other property Inappropriate/sexualised behaviour
Be A Learner Everyone has the right to ENGAGE IN POSITIVE LEARNING	Off task Distracting others Disrupting class lessons Unsatisfactory task completion Leaving classroom without permission	Repeated off task behaviours Repeated disruptive and distracting behaviours Repeated unsatisfactory completion of work Repeatedly leaving classroom without permission	Serious breaches of internet/technology policy
RESPONSE IDEAS	Use your proximity Give a signal, non-verbal cue Ignore, attend, praise (parallel praise) Redirect the student back to learning Teach or re-teach – academics or behaviour Supportive check in – reassuring conversation Calm down time in safe space or sensory break Apology	Be directive and provide a clear choice (win-win) Problem solving conversation (use PS card) Restorative practices conversation (use RP card) Student, Parent, Teacher conversation Community service/Make it right action Instigate data collection of behaviours Referral to student support team Check-in/Check-out – focus on specific behaviour Co-constructed social story Behaviour plan	Student(s), Teacher, Leadership problem solving conversation (use PS card) Student(s), Teacher, Leadership restorative practices conversation (use RP card) Formal apology Student, Teacher, Leadership, Parent meeting Crisis Management flowchart of phases and responses Formal Sanction - Detention Formal Sanction - Suspension

5. BCE Formal Sanctions

- **Detention process**

Detention is any period where a student is required to remain at school, in a particular location or in an activity, in 'non-class' time, such as recess, lunchtime, after school or non-school days. When used, detention needs to be an appropriate response to the behaviour and appropriate to the age, development and specific needs of the student. Forms of detention could include exclusion from playground for a short time to reflect on their behaviour. All detentions, including 'non-class' time at lunch and play time, will be recorded in Engage (Student Behaviour Support System).

- **Suspension process**

Suspension is imposed as a disciplinary measure, and in some cases is implemented to ensure the safety of other students and staff. The purpose of suspension is to signal that the student's present behaviour is not acceptable. Suspension is defined as the temporary, full-time or part-time withdrawal of a student's right to attend school and/or school related functions for a defined period of time. Suspension is only one strategy for managing inappropriate behaviour and is most effective when it highlights the parents/caregivers responsibility for taking an effective role, in partnership with the school, to support and modify the behaviour of a student. The school and parents/caregivers should work together, with the aim of assisting a suspended student to re-join the school community as quickly as possible. In some circumstances, the Principal may determine that a student should be suspended immediately.

This will usually be due to reasons such as the safety of students or staff because of violence, threats of violence, or the presence of weapons.

The Principal will inform the student and parents/caregivers of the grounds on which the decision to suspend has been made. The student and parents/caregivers will then be given the opportunity to respond. The conditions relating to the suspension can be discussed with the parents/caregivers, and their responses may be taken into consideration.

A Re-entry meeting will need to occur with the family and student prior to the return of the student to school. This meeting will be facilitated by the Principal or member of the Leadership Team.

- **Exclusion**

Exclusion is the full-time withdrawal of a student's right to attend a particular school and school related functions, on the authority of the Executive Director. Exclusion from one school does not prohibit the enrolment of the student in another Brisbane Catholic Education school, unless the student has been specifically prohibited by the Executive Director from attending all Brisbane Catholic Education schools.

In extreme circumstances, a Principal may, in consultation with the Senior Leader, make a submission to BCE's Head of School Progress & Performance, recommending the exclusion of a student from a Brisbane Catholic Education school. The Head of School Progress & Performance, will, in turn, forward this submission with his/her own recommendation to the Executive Director for decision.

For appeals, the school aligns to BCE processes, please refer to the table below.

Sanction	Appeal Process
Suspension 1-5 days	Appeal made to the school principal
Suspension 6+ days	Appeal made to the Senior Leader School Performance by emailing SchoolProPer@bne.catholic.edu.au
Outcome of Appeal	The appeal reviewer (Principal or Senior Leader – School Performance) must: (a) make the review decision within 5 business days after the application is made; and (b) as soon as practicable after the decision is made give the person written notice of the decision.
Exclusion	An appeal against an exclusion must be submitted in writing to the Compliance and Performance Executive within 10 school days after receiving notification of the exclusion.

6. Bullying and Cyberbullying – information, prevention, and school/college responses

Catholic schools in the Archdiocese of Brisbane provide all students with opportunities to develop positive behaviours and self-discipline in a safe, supportive environment where mutually respectful relationships are the defining features of a dynamic, Christ-centred community. If as a parent/carer, you are concerned that your child is being bullied, the issue should be raised with your child's teacher in the first instance. If you are not satisfied with the teacher's response, you can contact the school's principal.

What is Bullying?

The national definition of bullying and harassment for Australian schools says:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. (Ref: Bullying No Way).

What Bullying is NOT

There are also some behaviours, which, although they might be unpleasant or distressing, are not bullying:

- mutual conflict, which involves a disagreement, but not an imbalance of power. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation
- single episode acts of nastiness or physical aggression, or aggression directed towards many different people, is not bullying unless it becomes a pattern of behaviours
- social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Response to Bullying

The purpose of this section of our School Student Behaviour Support Plan is to describe our approach to positive, proactive practices in support of student behaviour and wellbeing in relation to the prevention, intervention and responses to student bullying and harassment (inclusive of victimisation of students with disability and their associates).

Our whole-school approach to preventing and responding to student bullying and harassment

Our school uses the PB4L framework and the Australian Education Authorities resource [Bullying NoWay!](#) to assist our students, staff and school community to understand, teach, prevent and respond to bullying and harassment.

1. Understanding Bullying and Harassment

At Holy Cross we teach about appropriate terminology, signs of bullying, types of bullying as part of our PB4L approach to behaviour. We also train and offer professional learning at regular intervals and share appropriate resources with staff to help them understand and respond to bullying appropriately

2. Teaching about Bullying and Harassment

Holy Cross utilises a range of programs and strategies to promote positive behaviours including the teaching about bullying and how to respond. These include:

- PB4L- use of explicit teaching of our school expectations and strategies.
- Teaching of respectful relationship and protective behaviours as names in the approved curriculum (e.g. Health and Physical Education).
- The Bullying No Way website provide helpful information and resources to support the teaching about bullying and how to respond.

3. Responding to Bullying and Harassment

- With the support of parents, staff, the wider community, and the students themselves, we take proactive and preventative action to prevent bullying happening in the first instance. We do this by placing a strong emphasis on teaching positive social behaviours from the commencement of Prep. Our students are taught the importance of communicating and behaving towards others in a kind and respectful way and this behaviour is expected and modelled by all in the community. This is reinforced through ongoing teaching of our school expectations and Behaviour Matrix.

- When bullying behaviour is reported/identified, we have clear processes that we follow. These processes are based on Restorative Practices, an evidence-based framework, and include:

Listen- carefully and calmly, and document what the student tells you. (Take the time to clarify with the student who has reported the incident that you have all the facts, including if there are immediate safety risks and let the student know how you will address these).

Collect - Thorough investigation of the incident. This includes interviewing the student who has reported the bullying and the named protagonist, as well as obtaining witness accounts if applicable. During these interviews, staff focus on gaining a complete understanding of the thought processes and emotional state of all students involved.

Contact- Parents of both students are contacted and informed of the process. Confidentiality and privacy must be maintained.

Determine- if this is an incident of bullying or harassment. If the incident does not meet the criteria for bullying or harassment, it can be recorded as a pastoral note in the Engage Student Support System.

Record- the incident either as Minor-Teasing or Major-Bullying/Harassment and complete the bullying record in the Engage Student Support System in a timely manner.

Respond- A restorative meeting between the students is facilitated by Leadership and/or a relevant member of staff. The goal of this meeting is to ensure the affected student has a voice in the process and is able to communicate the impact the behaviour has had. The protagonist is encouraged to acknowledge their actions and focus on what needs to be done to repair the damaged relationship.

Consequences, including formal sanctions may be applied.

Plan- The students are involved in constructing plans/strategies that will ensure more positive interactions moving forward.

Follow up- Following this meeting, staff members involved in the process regularly check in with the students to support the effective implementation of these plans/strategies.

Incidents of bullying in all environments, including cyberspace/online, are documented using BCE's Engage system (Student Behaviour Support Database). This behaviour incident data is tracked and analysed to detect patterns of behaviour that identify bullying.

All staff must take all reports of bullying and harassment seriously and respond with a school team process.

4. Preventing Bullying and Harassment

Holy Cross is committed to the prevention of bullying and harassment. We do this through:

1. Student assemblies: Student bullying and expectations about student behaviour will be discussed and information presented to promote a positive school culture where bullying is not accepted. This is done through teaching associated with our Positive Behaviour for Learning and our Wellbeing Program, Highway Heroes. We also use material from Bullying No Way and the E-Safety Commissioner to provide information.
2. Staff communication and professional learning: Staff will be supported with professional learning that provides evidence-based ways to encourage and teach positive social and emotional wellbeing and discourage, prevent, identify, and respond effectively to student bullying behaviour. This include

- times at staff meetings for updates and re-training as well as sharing key updates and articles to promote ongoing professional learning
3. School staff have access to foundational training about how to recognise and effectively respond to bullying, including cyberbullying. Annually staff are re-trained on the School Student Behaviour Support Plan
 4. New and casual staff will be informed about our school's approaches and strategies to prevent and respond to student bullying behaviour in the following ways. New and Casual staff will be referred to the School Student Behaviour Support Plan and the school Behaviour Expectations as well as process of how to follow up on reports of bullying.
 5. Communication with parents: Our school will provide information to parents to help promote a positive school culture where bullying is not acceptable and to increase parent's understanding of how our school addresses all forms of bullying behaviour. Examples of this include through the Parent Handbook, school website and newsletter. The school will also promote key programs and events such as Bullying No Way Day and the Daniel Morcombe Curriculum.
 6. Explicit promotion of social and emotional competencies among students through our teaching of respectful relationships as named in the curriculum as well as the personal and social capabilities as named in the Australian Curriculum. We also promote these competencies through key events such as Bullying No Way day.
 7. Whole school programs to prevent and address bullying which include the Highway Heroes Program and Positive Behaviour for Learning.

Key contacts for students and parents to report bullying

Principal – Simon Mahaffy – 3857 2443

APRE – Michelle McClafferty – 3857 2443

Cyberbullying

Cyberbullying is treated at Holy Cross with the same level of seriousness as direct bullying.

It is important for students, parents and staff to know that BCE Principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds. This includes cyberbullying. In addition, parents and students who have concerns about cyberbullying incidents occurring outside of school hours should immediately seek assistance through the Office of the e-Safety Commissioner or the Queensland Police Service.

Our school will follow the same process for cyber bullying as for all other forms of bullying and as named above.

Resources

The [Australian Curriculum](#) provides the framework for our school's anti-bullying teaching and learning activities.

The topics of bullying, resolving conflict and overcoming interpersonal issues can be explored in many curriculum areas. The sections specifically relevant to learning about bullying are Personal and Social Capability (General capabilities) and Health and Physical Education

- Bullying NoWay
- Office of the eSafety Commissioner

Section C: Our Student Behaviour Support Data

1. Data Informed Decision Making

The BCE Engage Student Support System is the database all BCE schools are required to use to collect behavioural data for analysis and decision-making. The Engage Student Support System has capacity to record minor and major behavioural incidents so that schools can make data informed decisions about student supports. It also has capacity for schools to record, store and analyse Tier 2 Targeted and Tier 3 Personalised supports, information, and data.

It is mandatory for all BCE schools to record major incidents of bullying, weapons and drugs incidents and complete the accompanying record documentation in the system as comprehensively as possible. Suspension records are also mandatory to complete in the database.

Targeted supports should be timely and responsive (bases on behavioural data) and use similar strategies and social curriculum across a group of students. Students are identified proactively, either through behaviour data, attendance data, and teacher nomination. Our targeted supports have systems in place to monitor student progress, make modifications, and gradually decrease support as student behaviour and engagement improves.
